**Standards-Based Math is Available for Grades 6-8** Jan 23, 2015

[Standards-Based Math](#): An incredibly versatile suite of computer administered, unit-based math assessments for grades six, seven and eight. You will have the flexibility to administer the units on or off-grade level, in whatever order you teach your math units according to your local curriculum map--and at the level of frequency you need.

# Data Download

The screenshot shows a web browser window displaying the FAST Administration interface. The browser's address bar shows the URL <http://files.dnr.state.mn.us/>. The page header includes the "fast Administration" logo and a "Log out" button. A left-hand navigation menu lists various options: Home, Student Info, Assessment Info, Staff Info, Reports, Manage, Specialist Access, and Contact Us. The "Reports" menu item is currently selected, and a sub-menu is open, highlighting "Data Download". Other sub-menu items include "Certification Report" and "Impact Report". The main content area is titled "FAST Announcements" and features two announcement boxes. The first box, dated Dec 24, 2014, is titled "New FAST Webinars" and contains the text: "We have added new webinars to our event calendar. Please click on the webinar name to get more information and to register." Below this text is a link: "Active: Using FAST Data for RTI Grouping". The second box, dated Jan 23, 2015, is titled "Standards-Based Math is Available for Grades 6-8" and contains the text: "Standards-Based Math: An incredibly versatile suite of computer administered, unit-based math assessments for grades six, seven and eight. You will have the flexibility to administer the units on or off-grade level, in whatever order you teach your math units according to your local curriculum map—and at the level of frequency you need." At the bottom of the page, there is a copyright notice: "Copyright (c) 2009 - 2015 CEHD, University of Minnesota, TwinCities".
