

Release Notes

4.16.5.0

- 1. Added **GROWTH REPORTS** for MAP, STAR and FAST assessments. The new growth reports are included in the Growth Reports Folder. There are four reports:
 - a. Tested Growth
 - b. Test Growth by Percentile
 - C. Test Growth vs Proficiency
 - d. Test Growth Details

G 🔄	Growth Reports							
•	Test Growth							
	Test Growth by Percentile							
•	Test Growth vs Proficiency							
	Test Growth Details							

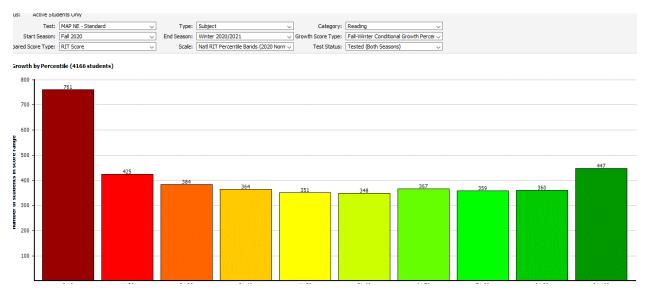

Below are a few screenshots of the new reports by test type:

<u>This</u> image shows Test Growth for FAST aMath from Fall to Winter scores This image shows Test Growth vs Proficiency for Fast aMath from Fall to Winter. For example, the image below shows 7.2% of students who tested as Low Risk demonstrated Flat Growth from Fall to Winter.

This image shows the Test Growth by Percentile for MAP Conditional Growth Percentile from Fall to Winter

This image shows Test Growth for MAP Reading from Fall to Winter. NWEA sends Viewpoint growth data by "met growth – yes" or "met growth- no"; however the other growth data we receive includes "met growth- *yes" and "met growth-*no". The asterisk represents scores with a "large standard error". We decided to load the data as is from NWEA; however, the Viewpoint Product Manager will be calling a MAP Viewpoint User Group Meeting in mid February to inquire if customers would like us to combine all "yes" and "no" results for report viewing purposes.

Restitution	1	0.9%		
Total	107	100.0%		

4. Added a **new Support and Resources page** available through the Resources Tab as shown below. Users can click on each call out button and access help docs, training videos by topic and release docs. Customers are encouraged to submit help docs and training video suggestions to Mary McGrane at <u>mmcgrane@erdc.k12.mn.us</u>

- 5. Edited our assessment loading templates to receive **the new ACT file layout** for 2020-21 available through the ACT Online Reporting System. The File Layout Viewpoint allows for loading is on the new Help Docs site. Customers may now send in Fall 2020 ACT files for MN sites.
- 6. Edited our assessment loading templates to receive the **new Act Aspire file layout** for 2020-21. Customers may now send in Aspire results for loading.
- 7. Added Fast AutoReading and Math Automaticity to the FAST Suite of Tests available for Viewpoint loading
