

## Release Notes [4.17.7.0]

January 27, 2025

### Added

- **Data Uploads** - Added a template for Fall 2024 NSCAS Growth.
- **Error Message** - Added a custom error page.

### Fixed

- **Login** - Turned off autocomplete for password reset input fields.
- **Demographics** - Fixed Demographic Rules Configurations that were not providing summary value types.
- **Demographics** - Fixed Demographic Rules that were not populating summary values.
- **Attendance** - Fixed Custom Absence Rule processing that was not handling partial day counts when a minimum day percentage is used.
- **Reports** - Fixed Comparison Reports that were not applying the clickthrough report ID.
